

Inbox and wallet **for Agent**

Identity. Communication. Controlled payments.

THINK ABOUT YOUR OWN BEHAVIOR

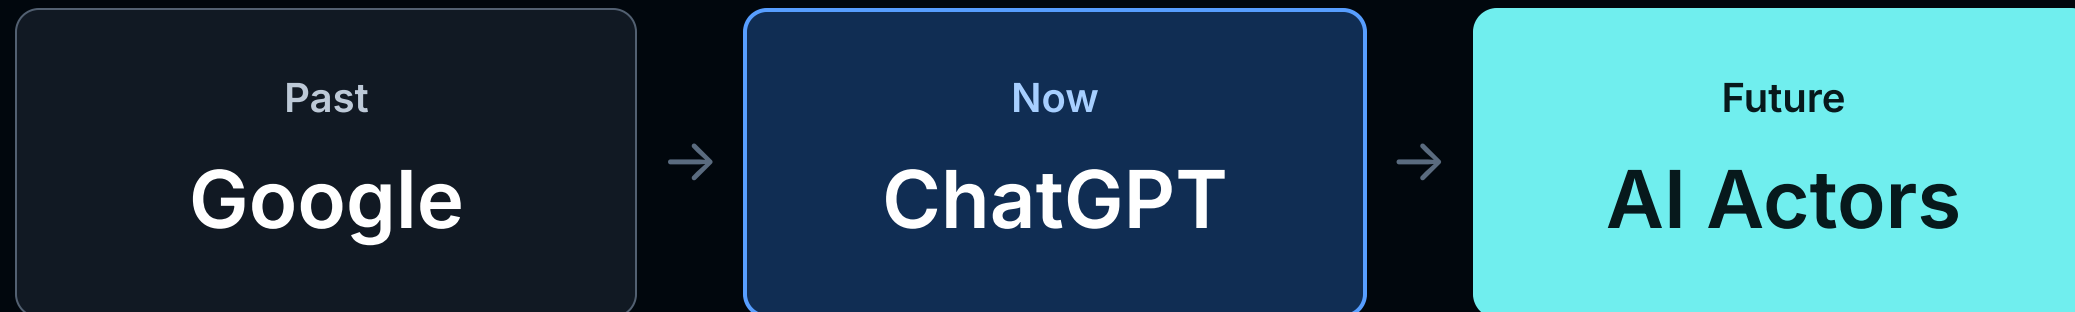

The web is no longer **human-first**.

"I used to search, open tabs, and compare everything myself.

Now I use ChatGPT every day."

THE SHIFT

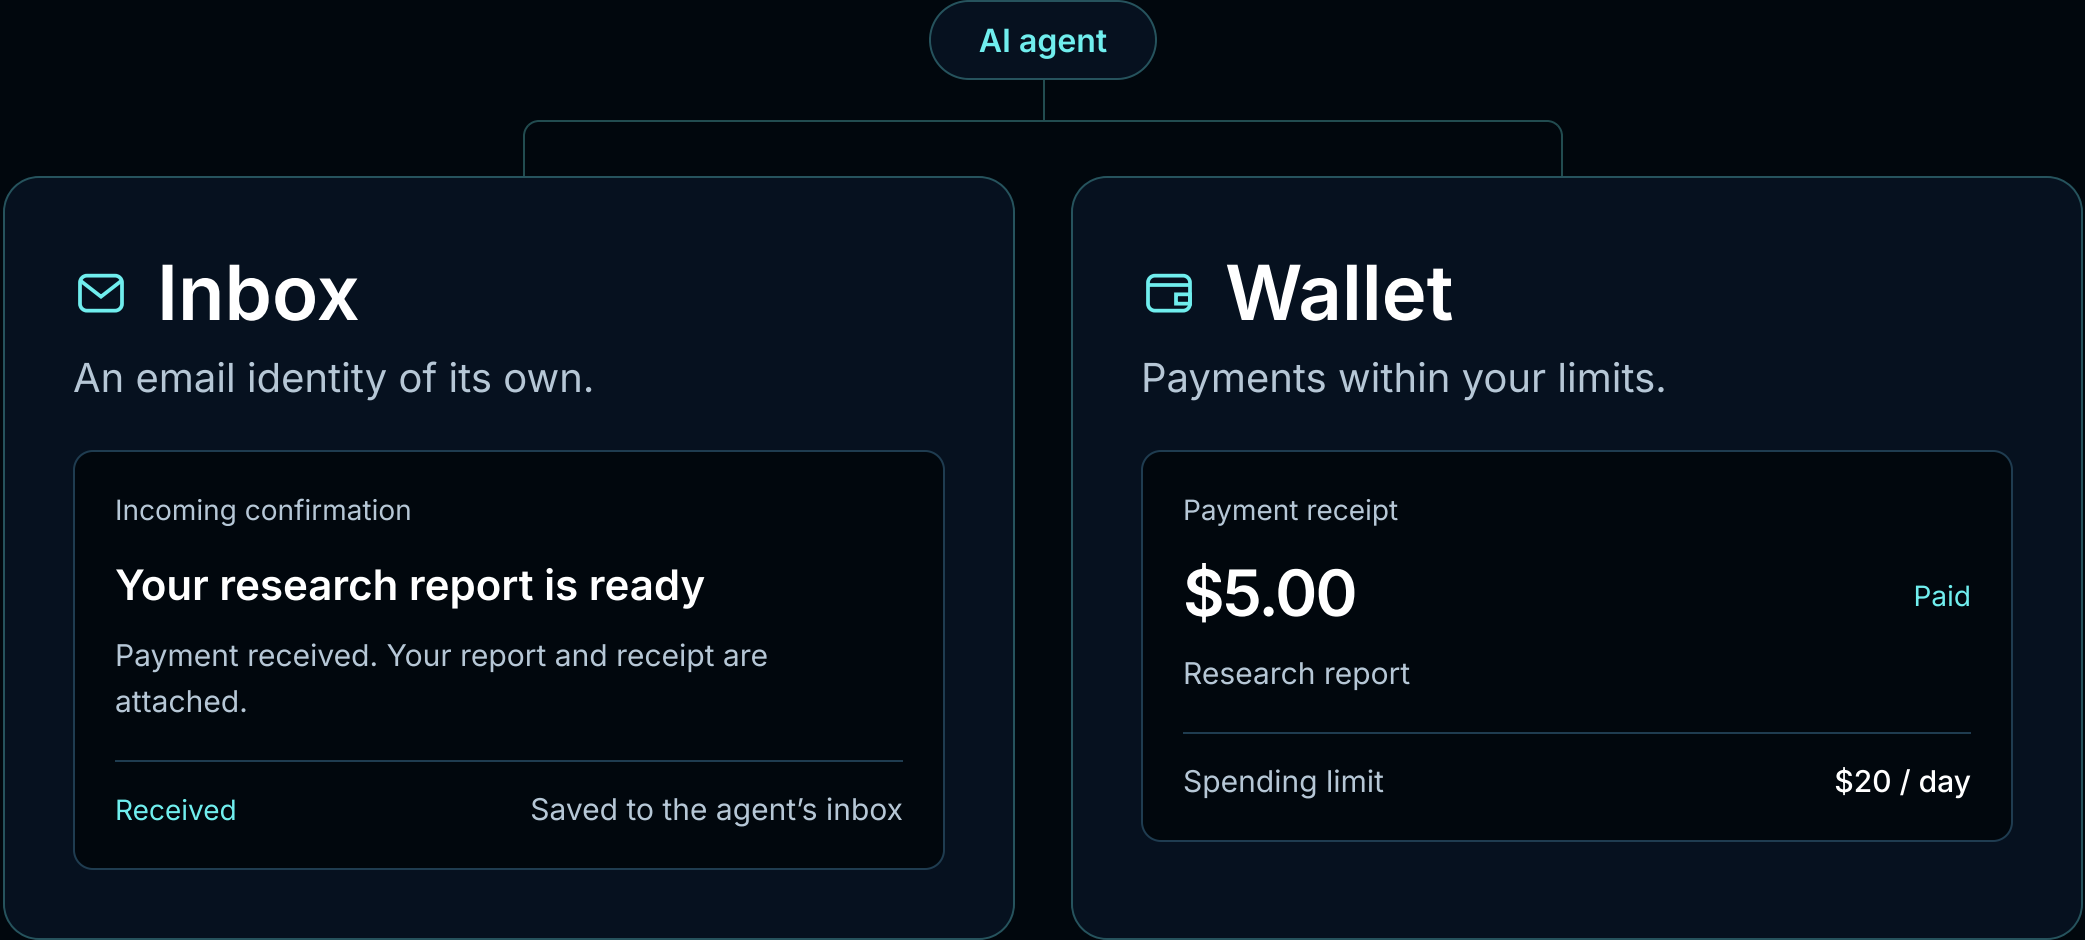

Traffic is moving from people browsing pages to agents completing tasks.

THE ASK

Help us grow awareness & community.

We need more visibility, a more active community, and a deeper understanding of our users.

01 · BRAND AWARENESS

Help Mermail show up.

AgentMail and Explee are showing up more often. Help us improve our visibility through creator introductions, content collaborations, and distribution.

02 · COMMUNITY

Turn a quiet community into an active one.

Help us bring builders together through bounties, demos, and regular conversations that give members a reason to participate.

03 · USER-GENERATED CONTENT

Let users tell the story.

Help us develop UGC campaigns around real workflows and builder demos, taking inspiration from Grok and ElevenLabs.

04 · CUSTOMER RESEARCH

Understand the pain before scaling.

Help us run surveys and customer interviews with B2B teams and AI power users to uncover pain points, barriers, and unmet needs.

The next wave of
SOLANA volume is agentic.
